## **WINGS: Sample Book K - BEING BOLDER AS A CHRISTIAN**

This is a nice nonsense. We're just the cracks in ceilings  
Where I met my demons and you In the beginning There were  
people dancing Now the dance floor's split in two I gave you a  
basket of dreams And led you through the streets Men laid  
their bodies down in rows of four And you climbed onto the  
eaves I loved your white paper skin But not your stone heart  
The weight's too much On this twice broken back We broke our  
backs As we hit the ground But I'm working on my posture And  
that's enough for now We broke our backs As we hit the ground  
But I'm working on my posture And that's enough for now Who am  
I.

But, if you ask the Americans who are based in Hanoi and Ho Chi Minh City as it is now called, Saigon, that is, whether they are happy about the current situation, happy about opportunities they have to do business, they would complain. Not only is violence born of the more or less organised confrontation between communities in these frontier zones but more than that, it contributes to strengthening the existing boundaries and perpetuating the antagonisms.
